Experienced in managing documentation and organizing events through roles in technical societies and outreach programs. Strategic Public Relations and Branding Manager. Eager to apply with a strong organizational and support skills to assist in planning, execution, and cross-functional collaboration.

Education

Tribhuvan University, Institute of Engineering, Purwanchal Campus, Dharan **Sep 2023 - Present**
Bachelor of Engineering, Electronics, Communication, and Information Engineering

- **Achievements:** Organized various Historic Events like CS50 AI Nepal, a part of IOAA-Jr. 2024 and so on.

SOS Hermann Gmeiner Secondary School **Mar 2020 - Jul 2022**
High School *Bhaktapur*

- **GPA:** 3.75

- **Achievements:** Head-boy (batch:2078 BS), Provisional Discovery of a main belt asteroid "2020 WX9", Actively participated in STEM and various other voluntary activities

Experience

International Conference on Recent Trends in Artificial Intelligence (ICRTAI 2025) **Apr 2025 - Present**
Outreach Coordinator *Birtamode*

- Crafted compelling narratives and managed media relations to promote the first-ever ICRTAI in Nepal, highlighting AI education and awareness.
- Built and maintained strong community connections to ensure impactful outreach and engagement across diverse audiences.
- Led strategic public relations and communications, amplifying the conference's visibility at both local and national levels.
- Coordinated with organizing committees and stakeholders to align outreach efforts with the event's vision and goals.
- Designed and executed targeted outreach campaigns to maximize participation and impact.

CS50 AI Nepal, EXCESS **Oct 2024 - Present**
PR and Outreach Lead

- Promoted the program by building partnerships and enhancing its visibility, resulting in increased community engagement
- Managed public relations and coordinated outreach efforts to engage communities.
- Fostered collaborations to expand CS50's reach and impact.
- Planned events, strategized campaigns, and ensured effective communication with stakeholders to drive participation and awareness.

Nepal Astronomical Society **Oct 2023 - Present**
Undergraduate Student Member

Passionate about space and education, I had the honor of serving as a Country Guide and Tech Lead for the historic first IOAA-Jr. 2024 in Nepal.

- Developed a QR-based system for participant tracking and event management.
- Organized global events like NASA Space Apps Challenge.
- Worked with local and provincial governments of Biratnagar and Koshi province respectively to advance practical and scientific education.
- Engaged in astronomical outreach, mentoring, and collaboration to drive impactful change.

Astronomy and Space Science Study Research Committee **Jun 2023 - Present**
Member *Biratnagar*

- Collaborated with local government in Biratnagar to promote astronomy and space science through outreach, technical workshops, events etc.
- Enhanced technical education by developing and implementing workshops using Python programming and Linux skills, resulting in improved learning outcomes for participants
- Contributed to shaping effective plans and policies for the region.

Municipal Child Club Network **Jul 2019 - Mar 2021**
Secretary *Biratnagar*

As the Secretariat, I coordinated numerous initiatives aimed at children engagement and development.

- Coordinated numerous initiatives aimed at children engagement and development.
- Sharpened organizational and communication skills.
- Drove impactful community programs.
- Supported and guided the community as an Advisor of the same Club.
